CASE STUDY · DEFENSE

Specialized raised-floor and sub-floor cleaning of the 66th Air Base Group data center at Hanscom AFB

Data center floor cleaning for the Hanscom AFB base communications office was delivered between August and October 2024 under Air Force security protocols.

CLIENT

Department of the Air Force, 66th Air Base Group, Communications (66 ABG/SC), Hanscom AFB, Massachusetts

60 days Period of performance

REQUIREMENTS

- Operational need.** The 66th Air Base Group required specialized cleaning of its data center raised-floor and sub-floor areas.
- Cleaning standard.** The work had to meet ASHRAE and federal guidelines for data center environments.

SOLUTION DELIVERED

Sub-floor and raised-floor cleaning
Both floor levels of the data center were cleaned within the period of performance.

Maintenance-coordinated scheduling
Cleaning schedules were aligned with the facility's maintenance activities.

Cleaning agent safety
Cleaning agents were managed and applied under safe-handling procedures.
